“ It was 18 years ago when I become apart of your family, I remember the first time when I came over to your home and you and dad welcomed me in and that started my life with your family. I remember when you worked at tides golf course and after me and my brothers played the first 9 holes an we came in to get something to eat an their you stood a star in your eye because you were doing something that you love which was cooking were smiling, I will miss that smile and that laugh the joy you gave I am proud to be your sonlaw. It is sad that you had to leave us so soon but you are no longer in pain. I know my dad will take good care of you, please don't worry everything will be ok, i know you will watch over us with that star and wings I love you very much and you will be missed your sonlaw mike
